

# COLORGRAZE QLX Powercore

## PRODUCT SPOTLIGHT

**PHILIPS**

Performance linear exterior LED wall grazing fixture with intelligent color light

Features outstanding light output at reduced power levels for the right balance between performance and price. Low-profile housing, connectorized cabling, a universal power input range, and direct line voltage operation make fixtures easy to install and operate.

# COLORGRAZE

## QLX Powercore

### WHY WE RECOMMEND

- Individual segments accommodate fine control of color-changing effects and pre-programmed light shows.
- High-performance illumination with over 400 lumens per foot
- Superior beam quality offers striation-free saturation
- Versatile installation with push-and-click connectors
- Create custom configurations to support special applications by exchanging the LED sources in any channel.

### HIGHLIGHTS

- *Powercore* technology —rapidly, efficiently, and accurately controls power output to fixtures directly from line voltage.
- The *Philips Data Enabler Pro* merges line voltage with control and delivers them to the fixture over a single standard cable, dramatically simplifying installation and lowering total system cost.
- *Chromasync* technology achieves unprecedented consistency of light performance and color precision across multiple fixtures in an installation, while maximizing intensity and color range.
- Fixtures work seamlessly with the complete *Philips* line of controllers, including *Light System Manager*, *iPlayer 3*, and *ColorDial Pro*, as well as third-party controllers.
