

## PRODUCT SPOTLIGHT

### BLINK'S PHILOSOPHY

*“Electric Vehicle ownership should be convenient, easy, affordable, and fun.”*

### WHY WE RECOMMEND BLINK

- Electric Vehicle technology is here to stay and Blink’s innovative EV charging stations and network will meet the increasing demand of new electric-vehicle owners.
- Blink offers both level 2 and DC Fast charging stations for commercial locations.
- **The Blink DC Fast Chargers are capable of providing a full charge in less than 30 minutes\*.**
- Utility companies and other organizations nationwide may offer rebates and incentives to reduce the out-of-pocket expense of installing EV charging stations.

\*Charging time estimates are based on Nissan Leaf
